

ENDO LINEAR CUTTER STAPLER
AND RELOAD UNITS

Product Name	Product	Description
Universal P-60 Endo Linear Cutter	CEAG45	Endo Linear Cutter (Standard Handle)
	CEAG60	Endo Linear Cutter (Extra Long Handle)
Articulating Reload Units	CADG-30T	Articulating Reload Unit, 30mm, 2.5mm Staples Height
	CADG-30N	Articulating Reload Unit, 30mm, 3.5mm Staples Height
	CADG-45T	Articulating Reload Unit, 45mm, 2.5mm Staples Height
	CADG-45N	Articulating Reload Unit, 45mm, 3.5mm Staples Height
	CADG-45S	Articulating Reload Unit, 45mm, 4.0mm Staples Height
	CADG-45D	Articulating Reload Unit, 45mm, 4.2mm Staples Height
	CADG-45R	Articulating Reload Unit, 45mm, 4.4mm Staples Height
	CADG-60T	Articulating Reload Unit, 60mm, 2.5mm Staples Height
	CADG-60N	Articulating Reload Unit, 60mm, 3.5mm Staples Height
	CADG-60S	Articulating Reload Unit, 60mm, 4.0mm Staples Height
	CADG-60D	Articulating Reload Unit, 60mm, 4.2mm Staples Height
	CADG-60R	Articulating Reload Unit, 60mm, 4.4mm Staples Height

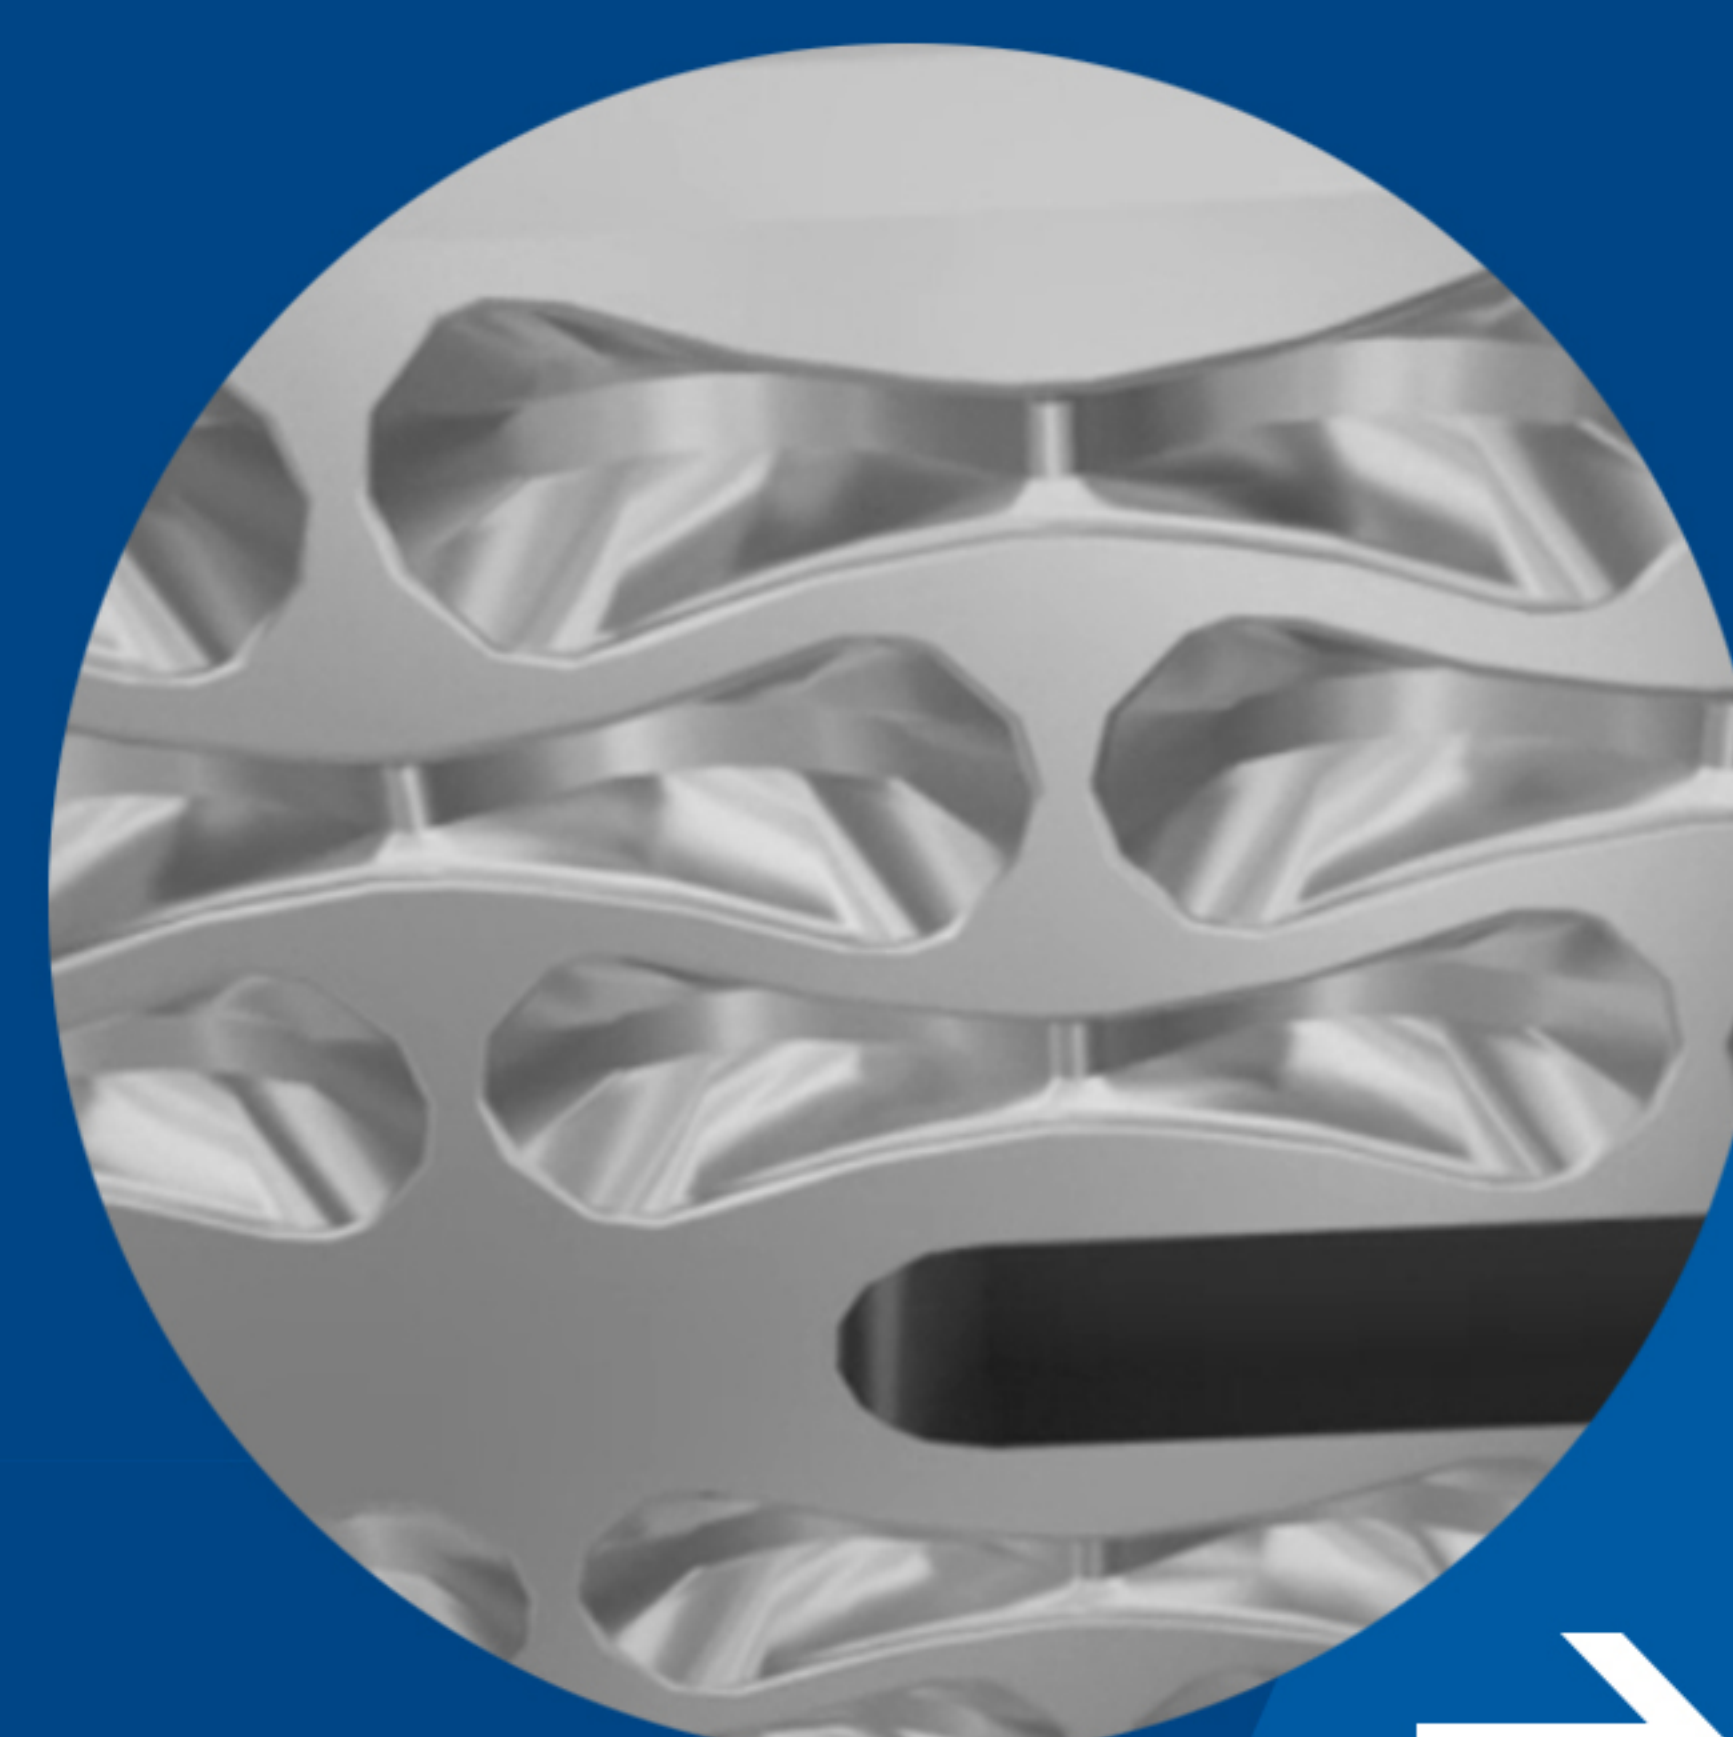

P-60 ENDO LINEAR CUTTER
WITH 60 DEGREES RELOADS

NON-STOP ARTICULATING LEVER

P-60 ENDO LINEAR CUTTER WITH 60 DEGREES NON-STOP ARTICULATING LEVER

TECHNOLOGY P-60

- Extra Gripping Technology
- Reduce forward tissue migration
- Lateral diffusion of the fluids
- Improve tissue compression

Dog-bone shaped staple buckets for a better B formation specially in thick tissue

Automatic pulling back system

All RUs can pass through 12mm trocar

Arc-shaped anvil design, less friction with the tissue

Powerful clamping force EG design

Non-stop articulation system

Universal handle with better design and ergonomics for easy 360° knobbing

$\pm 60^\circ$

Wide-angle staple cartridge design
Provides greater operational flexibility
